On November 15, 2023, Air Industries Group ("Air Industries" or the "Company") filed a Notification of Late Filing on Form 12b-25 reporting that it required time to complete certain procedures necessary for the presentation of its financial statements to be included in its Quarterly Report on Form 10-Q for the period ended September 30, 2023 (the "Form 10-Q"). The Company has now completed all procedures necessary for the preparation of its financial statements, is in the process of coordinating with its auditors to enable them to complete their review processes and is finalizing the preparation of the Form 10-Q. The Company is continuing in its efforts to file the Form 10-Q as soon as reasonably practicable and anticipates that the Form 10-Q will be filed in the foreseeable future.

Nothing has come to the attention of the Company during the ongoing preparation of its Form 10-Q that would cause it to change the financial information presented in the Form 12B-25 filed November 15, 2023.

Forward-Looking Statements

Certain matters discussed in this Notification are 'forward-looking statements' intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. In particular, the Company's statements regarding trends in the marketplace, future revenues, earnings and Adjusted EBITDA, the ability to realize firm backlog and projected backlog, cost cutting measures, potential future results and acquisitions, are examples of such forward-looking statements. The forward-looking statements are subject to numerous risks and uncertainties, including, but not limited to, the timing of projects due to variability in size, scope and duration, the inherent discrepancy in actual results from estimates, projections and forecasts made by management, regulatory delays, changes in government funding and budgets, and other factors, including general economic conditions, not within the Company's control. Other important factors that may cause actual results to differ materially from those in the forward-looking statements include, but are not limited to, the Company's ability to file its Form 10-Q within the five-day extension permitted by the rules of the U.S. Securities and Exchange Commission. The factors discussed herein and expressed from time to time in the Company's filings with the Securities and Exchange Commission could cause actual results and developments to be materially different from those expressed in or implied by such statements. The forward-looking statements are made only as of the date of this press release and the Company undertakes no obligation to publicly update such forward-looking statements to reflect subsequent events or circumstances.
